## GET INVOLVED IN YOUR COMMUNITY

COMMUNICATION SERVICES DEPARTMENT

Did you know that we offer a public engagement site called Let's Talk Central Elgin? This site allows residents to participate in initiatives going on throughout our Municipality. This includes not only construction projects, but also reviews (i.e. Central Elgin Official Plan, Port Stanley Harbour Plans), the latest Environmental Committee work, and more!

In addition to this engagement site, we've redesigned our website to provide users with a more smooth navigating experience. GIS technology with our maps, more fillable forms, and quicker access to top pages all to aid in bringing services closure to you.

We place a high value on improving our lines of communication to our communities. We want our residents to be able to connect to and access whatever interests them. We hope you like these platforms as much as we do!

# PRE-AUTHORIZED PAYMENT PLANS

Are you tired of going to the bank or our office to pay your bills? Why not sign up for pre-authorized payments and let us handle the payment processing for you?

We offer a variety of payment options, including monthly, bi-weekly, and installment payments! For additional information, please visit our website!

Have you considered online payments? Both your water and property tax accounts are set up with Central Elgin through your online banking!

Add us as a payee through your online banking bill payments section, and key in all 19 digits of your property tax roll number (No dashes, spaces or periods) and if adding water ensure you include all 12 digits of your water account number.

## Interim Property Tax

FINANCIAL SERVICES

The 2022 interim property tax bills are calculated by taking 50% of your 2021 property taxes levied. The 2022 final property tax bills will be issued in July and will reflect the 2022 property taxes levied, less the 2022 interim billing.

## Dog Tags

BY LAW ENFORCEMENT

Residents are no longer required to purchase a dog tag from the Municipality. The requirement of pet owners to identify their dog will now be their responsibility. Each owner is to obtain their own tag or microchip, with owner contact information. The identification tag must include a phone number for the owner of the dog.
