Kettle Creek Conservation Authority Progress Report

Both the Kettle Creek Conservation Authority and the Catfish Creek Conservation Authority were commended by Council for their work on the progress reports they compiled and presented to Council, as it is a lot of work and they work with limited funds.

The Transition Plan, Programs and Services, Consultation and feedback with member municipalities, Agreements, and other activities were highlighted in the Kettle Creek Conservation Authority Progress Report.

Both Conservation Authorities have accomplished a great deal in the past year, and their importance cannot be overstated.
